Here is all you need to know about the PADI Open Water Diver Course with eLearning. Please take a minute to read and share this information with friends who might join.  
**YOUR TEAM**  
**TABANKA DIVERS**

**The Classic** PADI Open Water Diver Course takes 3 - 4 full days. In these days you are not only busy with dive training but watching videos, studying the PADI manual and exams. The price for this 'classic' way of becoming a certified diver is 22.900p.

## FASTER & CHEAPER

With PADI eLearning it takes only 2 days of in-water training here in El Nido. Because you prepare all theory lessons and exams in advance. You save money and most important: more time to enjoy your holidays!

**PADI eLearning** takes 14 hours. It's flexible, available in many languages and you choose the pace: pause and continue anytime. All you need is a fast internet connection as it is online-based.

**Learn Scuba Diving  
the most convenient way**

## Your Schedule

### Arrival: Orientation at 5pm

Meet your PADI Instructor for an orientation, a review on theory and equipment check. It is a mandatory meeting the day before diving. You will sign a liability release, a medical-questionnaire and pay the course fees.

### Training Day 1

Let's do it: Confined Water Training 1, 2, 3 and Open Water Dive 1, 2. All you need is provided: lunch, water, snacks, full scuba-equipment, dive-log-book. It's useful to bring a dry-bag, towel, sun-protection, if needed daily contact-lenses. **8am - 4pm**

### Training Day 2

Confined Water Training 4, 5 and Open Water Dive 3, 4. After diving we do the training record and you get certified straight away: you receive an online-certificate and the PADI card will be sent to your home. **8am - 4pm**

## Are you ready?

So here comes some technical information. There are many devices out there. After logging in to your PADI account you have to chose what works best for:

1. **'eLearning' is online based.** It works with Windows, Apple, Android and almost every browser. **But you need fast internet** for streaming. Not ideal if you are travelling.
2. **'Touch' works offline but on Apple iPad only.** It is an initial 2gb download.
3. **No iPad and no fast internet?** Download a pdf-file of the manual into your PADI Library app. Less convenient but it does the job.

Please: memorise your email + password. Contact [techsupport@padi.com.au](mailto:techsupport@padi.com.au) in case of any trouble. Also read PADI's FAQs.

Let's get started. **The best is yet to come!**

## Good to know...

Beside being a motivated student and a reasonable good swimmer, you only have to **bring swim-wear, sun- and rain protection.** Water, snacks and lunch on board are provided. **Don't bring valuables or your passport to a boat.**

To check your fitness for scuba diving we will send you a **medical questionnaire.** This will indicate, if you have to see a physician prior to taking a scuba diving course.

Weather can effect our schedule. **Don't make too tight plans.** An extra day in El Nido after your course makes sense.

**Your Friends are already certified Divers?**  
No problem, you can be on the same boat!

**Non-Diving friends** can join our daily trips and share your experience from above.

## FAQ's

### Where to find us?

Tabanka Divers are based at Lugadia Beach, a 5 minutes ride from El Nido town. Tell drivers to drop you at OUTPOST Hostel, that's just next door. We highly recommend staying in our area called CorongCorong. It's the best

### Bad weather or sick?

Diving is possible even on a rainy day. But safety first: If we have to cancel a trip we re-schedule or give you a partial refund of the course fee paid. If you cancel on short notice for any reason: payments are not refundable. Re-booking fee is 1000p per person.

### Flying and Diving?

You will soon learn that after scuba diving you can not take a commercial flight for at least 18hours. Flying prior diving has no effect.

**Please schedule your flights accordingly.**
